but Rhode Island’s fledgling prescription drug monitoring program is just getting started.

Most people, if asked, would probably reckon that it’s not good to have fecal matter just sitting around in the colon.

Watts Humphrey found the separate

There’s a lot of trash talk and criticism on a sports team so at least some of your leaders need to be thick-skinned and (lotsa) cocky.

Unless you provide evidence for this statement I’m marking this one down as anecdotal internet non-science.

There’s a lot of trash talk and criticism on a sports team so at least some of your leaders need to be thick-skinned and (lotsa) cocky.
