testosterone products in very sensitive individuals or older males may have an effect on speeding up the process of hair loss but there is nothing to prove this.

everything was overcooked and underspiced, and I don't think that simply adding a sprinkle of ground cinnamon to chicken soup makes it moroccan

hypnosis can be an effective modality because it releases stored emotion so that the trauma can be revisited and explored from different perspectives

parshall received many awards for his work in transition metal chemistry and inorganic chemistry, including the lavoisier medal from dupont
